HOW TO MEASURE

Ring that fits: place it on the circles. The circle that lines up with the inside edge of the ring is your size. Between two sizes? Choose the larger one.

Paper strip: cut out the strip and the slit. Wrap it around the base of your finger, numbers outside, push the point through the slit and pull snug — not tight. The number at the slit is your size.

Measure at the end of the day, when fingers are warm, and try the finger you will actually wear it on.

ZO MEET JE

Met een ring die past: leg hem op de cirkels. De cirkel die precies aansluit op de binnenkant van de ring is jouw maat. Twijfel je tussen twee maten? Kies de grootste.

Met de papieren strook: knip de strook en de sleuf uit. Leg hem om de basis van je vinger, cijfers aan de buitenkant, steek de punt door de sleuf en trek aan tot hij goed sluit — niet strak. Het getal bij de sleuf is jouw maat.

Meet aan het eind van de dag, met warme handen, aan de vinger waaraan je de ring gaat dragen.

CHECK YOUR PRINT

Print at 100% / "Actual size", not "Fit to page". This bar must measure exactly 5 cm:

Print op 100% / "Werkelijke grootte". De balk hierboven moet precies 5 cm zijn.
